- **SNIPER, SNIPER OPEN:** 10 shots in 10 minutes.
- **F/TR and F/OPEN:** 3 test shots and 10 test shots.
- **F/TR PRO AND F/OPEN PRO:** 3 test and 10 test shots
- **10 shooters shoot simultaneously in a shift.**

Note: The center of the targets will be blue instead of black.

SHOOTING CLASSES:

SNIPER

- **SHOOTING POSITION:** prone with the possibility of using one or two supports not connected to each other: Front - shooting legs, in the back part a bag. The length of the support that rests on the weapon cannot be longer than 20 cm in the front part and 15 cm in the back part. No part of the rifle can touch the ground unless it is a monopod mounted on a stock and used instead of a shooting bag. The shooter's shoulder must touch the butt rest of the rifle. It is forbidden to shoot in the "free recoil" position.
- **Weapon:** carbine 223 Rem or 308 Win, caliber. The total weight of the weapon (with legs and other accessories attached to the weapon) cannot exceed **8.25 kg**. The weapon is loaded with single cartridges (the magazine can be loaded, but the weapon is loaded with only one cartridge at a time). The weapon can be equipped with a recoil compensator.

SNIPER OPEN

- **SHOOTING POSITION:** prone with the possibility of using one or two supports not connected to each other: Front - shooting legs, stand or bag, in the back part a bag. The length of the support that rests on the weapon cannot be longer than 20 cm in the front part and 15 cm in the back part. No part of the rifle can touch the ground unless it is a monopod mounted on a stock and used instead of a shooting bag. The shooter's shoulder must touch the butt rest of the rifle. It is forbidden to shoot in the "free recoil" position.
- **Weapon:** caliber not larger than 8.6mm (.338 Lapua Magnum is allowed) total weapon weight cannot exceed **10 kg**. The weapon is loaded with single cartridges (the magazine can be loaded, but the weapon is loaded only one cartridge at a time). The weapon can be equipped with a recoil compensator.

F/TR

- **SHOOTING POSITION:** prone with the possibility of using one or two non-connected supports:
Front - shooting legs, in the back part a bag. The length of the support that rests on the weapon is no longer than 20 cm in the front part and 15 cm in the back part. The shooter's shoulder must touch the butt rest of the rifle. It is forbidden to shoot in the "free recoil" position.
- **Weapon:** carbine 223 Rem or 308 Win, caliber. The total weight of the weapon (with legs and other accessories attached to the weapon) cannot exceed **8.25 kg**. The weapon is loaded with single cartridges (the magazine can be loaded, but the weapon is loaded only one cartridge at a time). The weapon can be equipped with a recoil compensator.

F/OPEN

- **SHOOTING POSITION:** prone with the possibility of using one or two non-connected supports:
Front - shooting legs, stand or bag, in the back part bag. The length of the support that rests on the weapon is no longer than 20 cm in the front part and 15 cm in the back part. The shooter's shoulder must touch the butt rest of the rifle. It is forbidden to shoot in the "free recoil" position.
- **Weapon:** a carbine with a caliber not exceeding 8.6 mm, the total weight of which with an optical sight does not exceed **10 kg**. The weapon is loaded with single cartridges (the magazine can be loaded, but the weapon is loaded only one cartridge at a time). The weapon can be equipped with a recoil compensator.

FIRING PROCEDURE: SNIPER, SNIPER OPEN - no test shots:

- 300 meters, 600 meters and 800 meters distances are shot from the shooter's assigned shooting position without leaving it.
- The competitor has 4 minutes to take the shooting position and set up the weapon after the judge's preliminary command "**Weapons may be removed**".
- After the judge's command "**Load, fire**", the shooter has 25 minutes to complete 10 qualifying shots per target at targets located at 300 m, 600 m. and at a distance of 800 m. A total of 30 shots.
- In the position, the shooter can have only the required amount of ammunition - 30 units in total.
- The shooter must notify the referee by raising his hand about the unfired round. The weapon bolt is only opened when the referee approaches the weapon. In the event of a defective cartridge, the referee may award the shooter one additional cartridge.
- Prior to the referee's command "**STOP to cease fire**" or the sound signal, the shooter may start gathering things and prepare to leave the shooting position only after receiving the referee's permission.
- After the referee's command "**STOP cease fire**" or the sound signal, no more shots can be fired. Weapons may be holstered only after the judges have checked that the bolts are open and the safety flags are inserted into the chamber.

FIRING PROCEDURE: F/TR and F/OPEN:

- 300 meters, 600 meters, and 800 meters, distances are shot from the shooter's assigned shooting position without leaving it.
- The competitor has 4 minutes to take the shooting position and set up the weapon after the judge's preliminary command "**Weapons may be removed**".
- After the judge's command "**Fire, fire**" to 300 m. target, the shooter has 3 minutes to make 3 test shots.
- After the judge's command "**STOP, cease fire, stand back from weapons**" or the sound signal, the shooters stand and stand back from their weapons until the test shots are marked.
- After the judge's command "**It is possible to return to the shooting position**", the shooter has 2 minutes for corrections.
- After the judge's command "**Load, fire**" or the sound signal, the 300-m time trial begins. series. The shooter has 8 minutes to complete 10 qualifying shots.
- After the judge's command "**STOP, cease fire**" or the sound signal, the shooter has 2 minutes to make corrections before the judge's command to make 3 test shots at the next (600 m) target.
- Further order of shooting of qualifying shots for 600 m. target and test and test shots to 800 m. target is analogous to that described above.
- In the shooting position, the shooter can have only the necessary amount of ammunition (39 pcs. in total - 9 pcs. for test shots and 30 pcs. for the test shots).

- The shooter must notify the referee by raising his hand about the unfired round. The weapon lock is only opened when the referee approaches the weapon. In the event of a defective cartridge, the referee may award the shooter one additional cartridge.
- Prior to the referee's command **"STOP to cease fire"** or the sound signal, the shooter may start gathering things and prepare to leave the shooting position only after receiving the referee's permission.
- After the referee's command **"STOP cease fire"** or the sound signal, no more shots can be fired. Weapons can be placed in cases only after the judges have checked that the bolts are open and the security flags are in place.

SHOOTING PROCEDURE: F/TR PRO and F/OPEN PRO

- Shooting 1000 m. distance from the shooter's assigned firing position without leaving it.
- The competitor has 4 minutes to take the shooting position and set up the weapon after the judge's preliminary command **"Weapons may be removed"**.
- After the judge's command **"Fire, fire"** to 1000 m. target, the shooter has 3 minutes to make 3 test shots.
- After the judge's command **"STOP, cease fire, stand back from weapons"** or the sound signal, the shooters stand and stand back from their weapons until the test shots are marked.
- Judges patch up the punctures.
- After the judge's command **"It is possible to return to the shooting position"**, the shooter has 2 minutes for corrections.
- After the judge's command **"Fire, load"** or the sound signal, the 1000 m counting starts. series. The shooter has 10 minutes to complete 10 qualifying shots.
- In the shooting position, the shooter can have only the necessary amount of ammunition (13 pcs. in total - 3 pcs. for test shots and 10 pcs. for test shots).
- The shooter must notify the referee by raising his hand about the unfired round. The weapon lock is only opened when the referee approaches the weapon. In the event of a defective cartridge, the referee may award the shooter one additional cartridge.
- Prior to the referee's command **"STOP to cease fire"** or the sound signal, the shooter may start gathering things and prepare to leave the shooting position only after receiving the referee's permission.
- After the referee's command **"STOP cease fire"** or the sound signal, no more shots can be fired. Weapons may be holstered only after the judges have checked that the bolts are open and the safety flags are in place.

ASSESSMENT OF RESULTS: SNIPER, SNIPER OPEN, F/TR , F/OPEN, F/TR PRO and F/OPEN PRO

- At each shooting distance, the sum of 10 qualifying shots is added up. The shooters with the most points are the winners. In the event of a tie, the best score is determined by the highest number of hits in the X area of the target. If necessary, 10's, 9's..., etc. can be counted to determine the winner. If all the points are the same the group will be measured for spread.
- If more hits than intended are detected on a target, the best hits are discarded. In each case, the decision to cancel the points is made by the judges objectively taking into account the actual circumstances.

GENERAL REQUIREMENTS AND SECURITY:

- Each participant must comply with the competition regulations and safety rules.
- The participant in the shooting position must follow all the instructions of the referee.
- All participants on the day of the competition from **8:00 a.m. to 9:00 a.m.** must submit their weapons for technical control and for weighing. Participants in the F/TR class must bring a gun with legs for general weigh-in.
- After the technical control, the weapon will be marked with a special organizer sticker. Participants who do not submit their weapon for technical control and do not have a sticker attached to their rifle will not be able to participate in the competition.
- The referee of the competition may punish the shooters in the shooting position who have violated the competition regulations: yellow card-warning; green card - the result of the competition is reduced by 2 points. For a gross violation of the regulations of the competition and/or violation of the requirements of the shooting safety rules and/or the rules of handling the weapon, as well as for a shot before the command **"Load, fire"** or the sound signal, or a shot after the command **"STOP Cease fire"** or the sound signal, during the competition the participant is penalized with a red card - disqualified. Attention: the disqualified person is removed from the competition and his results are 0.

- During the competition, in and outside the shooting area, any optical tracking devices and assistance to shooters in the shooting area are prohibited. Only shooters in firing positions may have optical sighting devices.
- Two shooters shooting the same weapon cannot shoot from the same shooting position.
- Ballistic apps connected to meteo stations and other wind strength, direction, etc. detection devices, use is prohibited.
- Participants under the influence of alcohol or other substances are disqualified.
- All firearms, even unloaded, must be carefully guarded by the shooter and carried in holsters. When the shooter is not using the weapon, it must be stored in the holster. The weapons of other shooters may not be touched without the owner's permission. Any attempt by the shooter to use a loaded weapon before the command **"Load, fire"** and after the command **"STOP cease fire"** is aborted, the shooter is removed from the competition. If shooting is stopped for any reason, the gun must be repaired immediately by opening the lock of the rifle, placing a special flag in the chamber and not reloading without the referee's permission.
- Shooters must wear headphones or appropriate ear protection at the shooting site. Shooting at non-targets is prohibited. Shooters may not shoot at other shooters' targets during competition.
- On the firing line, only shooters of the respective firing shift may be in firing positions during firing.
- By participating in the competition, participants declare that they are familiar with the rules of safe handling of weapons and take full responsibility for their actions in the event of an accident.
- All shooters participating in competition must familiarize themselves with these rules and undertake to comply with them. Any behavior by a shooter deemed dangerous by the referee may be terminated and the shooter removed from the competition without separate warning. If the referee notices that the shooter is trying to intentionally harm other competitors or otherwise behaves in an unsportsmanlike manner, he can disqualify him.

PARTICIPATION:

- It is possible for the same shooter to compete in two different classes with different weapons. To start in different shooting classes, you must register for each shooting class separately.
- Participants of the F/TR shooting class, whose weight of weapons with legs and other accessories attached to the weapon will not meet the requirements specified in the regulation, will be able to participate in F/OPEN shooting class competitions.

AWARDS:

SNIPER:

Participants who win 1-3 places in each distance are awarded with medals.

Participants who won 1-3 places in the general standings are awarded with cups.

SNIPER OPEN:

Participants who win 1-3 places in each distance are awarded with medals.

Participants who won 1-3 places in the general standings are awarded with cups.

F/TR:

Participants who win 1-3 places in each distance are awarded with medals.

Participants who won 1-3 places in the general standings are awarded with cups.

F/OPEN:
